

Professional Networking Group Membership Agreement

All members of the Platinum Networking Professionals will come prepared to share leads and referrals with other members of the group.

Failure to follow through on a lead given by another member could result in being asked to leave the group.

All members are expected to attend meetings. Inability to attend two meetings in a one-month period, without contacting the directors, will result in being removed from the group. Someone else could fill professional slot in that group.

All dues are due at the 1st meeting of each month. Failure to either pay or contact the directors will result in removal from the group.

All matters concerning dues will be decided by a majority of active participating members. Excess funds at the end of each quarter will be subject to vote by active members to determine distribution.

I have READ an UNDERSTAND the above and agree to be bound by its terms.
